## **ATTENDANCE**

Public education is a right available to all young people of school age in Montgomery County. It is provided at considerable expense to parents and other citizens of the county.

Student attendance is a cooperative effort among schools, parents, and students. To achieve optimum learning, good attendance by students K-12 is crucial. Tardies (check-ins) and early dismissals (checkouts) are disruptive to the instructional time of the entire class. Each parent or guardian is responsible for the student's regular and punctual attendance.

Regular class attendance is considered by the Montgomery County School Board to be essential to the educational process and to the satisfactory completion of the requirements of any class and subject offered. Regular school attendance also is directly related to the development of good habits, which are important in the world of work and in higher education. A ninety-five percent (95%) or better attendance rate is the goal.

Nothing in this policy shall be construed to limit in any way the authority of any attendance officer or the division superintendent to seek immediate compliance with the compulsory attendance law.

### **Compulsory Attendance Procedures**

A reasonable effort will be made to contact a parent/guardian of each absent student every day and to obtain an explanation for the student's absence, where there is no indication that the student's parent is aware of and supports the absence. A log will be kept of call attempts.

The following procedures apply when a student fails to report to school for scheduled school days:

#### Upon Fifth Absence Without Parental Awareness and Support:

After a total of five (5) scheduled school days missed, where there is no indication that the student's parent is aware of and

supports the absences, the principal or the principal's designee or the attendance officer will make a reasonable effort to ensure that direct contact is made with the parent, either in person or through a telephone conversation, to obtain an explanation for the pupil's absence and to explain to the parent consequences of continued non-attendance. The principal or the principal's designee or the attendance officer, the pupil, and the pupil's parent will develop a plan to resolve the pupil's non-attendance. The plan must include documentation of the reasons for the pupil's non-attendance.

#### Upon Sixth Absence Without Parental Awareness and Support:

If the pupil is absent a sixth (6th) day, after direct contact with the pupil's parent, if the principal or the principal's designee or the attendance officer has received no indication that the pupil's parent is aware of and supports the pupil's absence, the principal or the principal's designee shall schedule a conference within ten (10) school days with the pupil, his/her parent, and school personnel. The conference shall be held no later than fifteen (15) school days after the sixth absence. At the conference, the pupil, his/her parent, and school personnel, shall meet to resolve issues relating to the pupil's non-attendance. Other community service providers may also be included in the conference.

#### Upon Additional Absence Without Parental Awareness and Support:

Upon the next absence after the conference, without indication that the pupil's parent is aware of and supports the pupil's

absence, the principal or the principal's designee shall notify the division superintendent or his/her designee, who shall enforce the compulsory attendance rolls by either or both of the following:

- a. filing a complaint with the Juvenile and Domestic Relations Court alleging that the pupil is a child in need of supervision as defined in Virginia Code § 16.1-228; and/or
- b. instituting proceedings against the parents pursuant to § 18.2-371 or § 22.1-262. In filing a complaint against the parents, the division superintendent's designee shall provide written documentation of the efforts already undertaken to resolve the pupil's absence. If the student's parents have joint physical custody of the student and the school has notice of the custody arrangement, then both parents shall be notified at their last known addresses.

It is expected that parents will cooperate with school officials to remedy the student's attendance problem. When direct contact with the parent cannot be made despite reasonable efforts, or when parents otherwise fail to cooperate in remedying the student's attendance problem, the division superintendent or his/her designee may seek immediate compliance with compulsory school attendance laws. The division superintendent's designee, with the knowledge and approval of the division superintendent, shall institute proceedings against any parent who fails to comply with the requirements of the compulsory attendance laws. When the complaint arises out of the parent's failure to comply with the requirements of the law relating to compulsory attendance, the division superintendent's designee shall document the school division's compliance with procedures for enforcing compulsory attendance.

Student attendance will be monitored and reported as required by state law and regulations. At the end of each school year, each public school principal will report to the division superintendent the number of pupils by grade level for whom

a

conference was scheduled as set forth above. The division superintendent will compile this information and will submit a report annually to the Virginia Superintendent of Public Instruction.

Teachers are responsible for initiating the necessary communications with parents any time absences, check-ins or checkouts are jeopardizing the student's progress in class. Absences for each grading period will be reported to the parent(s)/guardian(s) on the report card.

For elementary school students, retention may be considered for any student missing twenty (20) days of school.

### **Documenting Absences**

All absences shall be identified as excused or unexcused. Each student should present to the school attendance office a written note which includes the date(s), cause(s), and the parent's/guardian's signature for daily absences, early dismissal or late arrival of the student. Parental permission for early dismissal must be presented to school officials on or before

the

day requested. Notes of explanation for student absences or check-ins should be received the day following the absence

or

check-in.

Absences for any of the reasons listed below shall be excused.

- a. state mandated testing or other school/division testing programs;
- b. school-sponsored field trips or activities;
- c. all VHSL activities;
- d. late bus or buses which fail to run;
- e. conference with guidance counselor, administrator, or other related staff members;
- f. in-school suspension (I.S.S.);
- g. involuntary court appearance (copy of court order or subpoena required);

- h. death in the family or household (verification may be required);
- i. religious holidays (verification may be required);
- j. college visit or work based learning opportunity (verification required) up to 3 school days
- k. illness (if over 3 days, the school may require verification)
- l. doctor/dental appointments (verification required)
- m. extenuating circumstances which are determined by the school administration

Any excessive check-ins, checkouts, or patterns of absences may result in administrative intervention including the development of an attendance improvement plan and/or disciplinary action.

All notes of excuse, requests, or any other correspondence concerning student absences, check-ins, and check-outs shall be preserved for a minimum of sixty (60) calendar days after the close of the school year.

#### Absences for Observance of a Religious Holiday

A student may be excused from school for the observance of a religious holiday. The parent/guardian of such student shall

provide a letter to the student's school in advance of the planned absence notifying the school of the planned absence, the dates of the planned absence and the religious holiday being observed.

A student who is absent in accordance with this policy shall not be deprived of any award or eligibility or opportunity to compete for any award, or of the right to take an alternate test or examination, for any which he or she missed by reason of such absence.

*MCPS POLICY 7-2.3 which addresses student attendance, absences and truancy can be found on the parent link on the MCPS webpage.*

#### **BEHAVIOR**

Parents are asked to cooperate with school officials in supporting habits of desirable school behavior. Parents will be contacted by telephone or in writing any time a student's behavior is significantly inappropriate. Students are responsible for acceptable conduct while on school property and while going to and from school. Every student has the right to an education without disruption. The school authorities will protect the liberty, property, and rights of students to attend school and to participate in all activities of the school. Teachers, students, and parents will be involved in maintaining satisfactory standards of conduct. Students should be dressed in conventional school attire. Any printed messages on clothing should be in good taste and not contain vulgar, offensive, or obscene words or pictures. Shoes must be worn at all times, and sneakers should be worn for P.E. ### **Consequences for Violations of the Student Code of Conduct**

Parents will be informed of the misbehavior of their child through telephone calls, conferences, notes, and report card comments. Teachers will be firm, fair, and consistent in handling discipline problems. The teacher has a responsibility for maintaining a classroom environment that gives all students the opportunity to learn. He or she sets the tone by refusing to allow any student to disrupt the learning process. The school uses several approved discipline methods in dealing with students who violate the Student Code of Conduct. These may include one or more of the following, whichever is/are deemed to be fair and appropriate for the particular misconduct:

1. Student conferences with parents, teacher, aide, and/or administrator
2. Contact with the parents by the teacher, counselor, or administrator
3. Time out in the classroom or office
4. Loss of privileges to preferred activities
5. After-school detention
6. In-school or out-of-school suspension

\*It is school board policy that students will be allowed to make up *all* missed work caused by suspensions. When students are in out-of-school suspension, it is their responsibility to request that the teacher provide make-up work. Students suspended will be given two days for every day suspended to make up the work.

Discipline fosters both respect and independence. Children should understand why rules are made and why they need to be respected.

### **School Bus Transportation**

Bus safety is of primary importance for both students and drivers. Parents are urged to assist school personnel in instructing their children in bus safety and are asked to cooperate with school officials in making our bus transportation system safe and efficient. The following guidelines and rules, if practiced, should strengthen the school bus safety program. However, please know that repeated disregard of these rules could lead to a child needing alternate transportation, often provided by the parent.

### **Policies and Rules of Conduct On Buses:**

1. Buses run for the convenience of the students.
2. Discipline must be maintained on buses for safety reasons.
3. Misconduct will not be tolerated and may result in the forfeiture of the privilege of riding the bus.
4. While on the bus, a student is in the driver's charge. The driver has the same relationship to a student while he or she is on the bus as a teacher has while the student is in the classroom; therefore, the bus driver is entitled to the same behavior and respect as teachers receive. Any violation of the behavioral rules will be handled by the principal or assistant principal as if the student were in school.
5. One warning contact will be made with the parents before a student is taken off the bus unless the disciplinary infraction is serious enough to warrant immediate suspension.
6. Students are reminded to stand back from the road and not throw rocks while waiting for the bus.

7. When students have to cross the road, they should wait for the driver's signal and do so ten feet **in front** of the bus.
8. On entering the bus, students should avoid crowding and/or disturbing others.
9. Student riders should be on time. The bus has a tight schedule and will be unable to wait.
10. The student responsible for the damage must pay for damage done to seats or to other bus equipment.
11. Eating, drinking, chewing gum, and tobacco are not allowed on a school bus. Students are asked to help keep the bus clean by never discarding trash on the bus. **NO GLASS CONTAINERS ARE PERMITTED ON THE BUS.**
12. Students should make sure that their conversations are polite and are in a low tone.
13. Students should never distract the driver of the bus by talking to him or her while the bus is in motion.
14. Objects that restrict the passageway to the front entrance door or the rear emergency door, or the view of the driver, such as balloons are not permitted.
15. Bus drivers are given the authority to assign a specific seat to a student and to change the assignment if it is in the interest of safety.
16. When preparing to exit the bus, students are asked to remain seated until the bus has come to a complete stop.
17. Approval to ride a different bus is attained by presenting a note written by the parent/guardian to the office. The principal, assistant principal, or administrative assistant will issue the student a permission slip to be given to the bus driver. Without a bus note, the student must ride his or her regularly scheduled bus or car ride.
18. Live animals are not permitted on the bus. Pets of any kind cannot be transported to and from school on the bus.

## **BULLYING**

The definition of bullying developed for the VA Department of Education, is as follows: “Repeated negative behaviors intended to frighten or cause harm that may include, but are not limited to, verbal or written threats or physical harm.” Students, either individually or as part of a group, shall not harass or bully others. Behaviors associated with bullying include, but are not limited to, intimidation, taunting, name-calling, and insults. Bullying behaviors may take a variety of forms, including by electronic means such as cell phone, text message, and email. Bullying, threatening, intimidation, harassment, or any other activity characterized by targeted, intentionally hurtful behavior (verbal or nonverbal) that results in any physical, social/relational or emotional/psychological harm to another person is not tolerated in any form in any Montgomery County Public School. Parents will receive notification within 5 days if their child is involved in a bullying incident.

## **CHARACTER EDUCATION**

We feel that the development of positive character traits is an important component of any successful educational program. For this reason, Auburn Elementary School focuses on the following six pillars:

***Trustworthiness***  
***Respect***  
***Responsibility***

***Fairness***  
***Caring***  
***Citizenship***

Please work with us in helping to encourage these characteristics. We have developed a number of activities as well as incentive programs to reinforce the development of these traits. Auburn Elementary participates in the Olweus Bullying Prevention Program. This program outlines the following rules for students:

1. We will not bully other students.
2. We will try to help students who are bullied.

3. We will try to include students who are left out.
4. If we know that someone is bullied, we will tell an adult at school and at home.
5. We will show respect to all people.

## **CIVIL RIGHTS & SEXUAL HARASSMENT**

Montgomery County Public Schools does not discriminate in its programs and activities for reasons of race, religion, color, gender, national origin, disability, age, or any other basis prohibited by law. The following persons have been designated to handle inquiries regarding non-discrimination policies:

Director of Human Resources and Assistant Superintendent for Operations  
750 Imperial Street SE  
Christiansburg, VA  
(540) 382-5100

It is prohibited for any employee or student, male or female, to harass another employee or student by making unwelcome sexual advances or requests for sexual favors or engaging in other verbal, or physical contact of a sexual nature when (1) submission to or rejection of the conduct is used as a basis for academic decisions affecting the student; (2) such conduct creates an intimidating, hostile, or offensive learning environment; or (3) submission to the conduct is made either explicitly or implicitly a term or condition of the student's participation in school programs.

The school board has adopted a grievance procedure for complaints by students of discrimination on the basis of sex or sexual harassment. The policy is located in the School Board Policy Manual section 7-1.1 located in the AHS library, in the county libraries, and at [www.mcps.org](http://www.mcps.org). Generally, students are encouraged to report incidents of sexual harassment to the building principal as soon as they become aware of the conduct forming the basis of the complaint. If the principal is the individual who is the subject of the complaint, the student should contact the Superintendent.

## **CLOSING OF SCHOOLS**

Schools may be closed or may have a delayed opening of one or two hours due to inclement weather. Delayed opening means school buses will run their routes and schools will begin the day one or two hours later than normal. In the event of a delayed opening, students who are transported by car should automatically arrive one or two hours late, whichever is appropriate for the schedule. Students are not permitted to enter the building until this time. In the event of a school closing or early dismissal due to inclement weather, all extra-curricular activities conducted at the school are cancelled. Please listen to the local radio and/or television stations for complete details concerning the closing of school or call the Montgomery County Public School's Information Line at 382-5102. You may also sign up for email alerts at <http://www.mcps.org/EmerInfo/Weather> .

## **CONFERENCES**

Scheduled parent-teacher conferences will be held during the fall and spring semesters to discuss the progress and welfare of each pupil. Teachers may be reached by phone between 8:30 and 8:45 a.m. and between 3:45 and 4:00 p.m. daily. The school telephone number is 381-6521. Teachers' home telephone numbers are not released. Conferences may be scheduled at other times when either party feels it is necessary. These should be scheduled at least twenty-four (24) hours in advance.

## **DEPARTURE**

Children must bring written permission from a parent or guardian if it is necessary for them to change their normal routine of departure from school. Anyone picking up a student from school prior to 3:35 p.m. must sign the student out in the office. No student shall leave the school grounds during school hours without the approval of the principal or his/her designee. **Parents should make every effort to avoid picking up children after 3:35 p.m. This is an extremely busy time for the office staff.** If it is necessary for a child to be picked up, please notify the main office so that you can be assisted. **Students will not be permitted to leave with anyone other than the parent unless the school is notified in writing or contacted by telephone.**

## **EMERGENCY DRILLS & EVACUATIONS**

Emergency fire drills will be conducted once a week for the first month of school and at least once a month for the remainder of the school year. Two lock-down drills will be conducted during the first month of school, and two additional drills will be conducted during the remainder of the school year. One of the drills will occur in January. Direction for evacuating the building during a drill or actual crisis situation are posted in each room. Students should walk rapidly in single file without running or talking, and remain with their class as they leave the building and report to the designated safe area where the teacher will take roll. Students will remain a minimum of 100 feet from the building until told to return to the building.

## **HEALTH**

### **Accidents and Illnesses**

In case of student accidents or illnesses, an administrator or his/her designee will make every effort to contact the parent or guardian. Students may remain in the clinic until a parent or designee arrives. **It is most important that a parent's or guardian's telephone number be listed in the school office. In cases where there is no telephone, the school must have a number where the parent or guardian can be reached in case of an emergency. If it becomes necessary for a child to receive professional medical attention and the parent cannot be reached, the student will be taken to a doctor or hospital emergency room for treatment.** Information regarding family physician and hospital preference is a part of each child's registration process. It is the responsibility of the parent/guardian to update this and pertinent medical information as needed. This information can be updated by sending a note to the administrative assistant.

### **Insurance**

Accident and dental insurance policies are available to students on an optional basis. Information is sent separately to each parent at the beginning of the school year.

**Children are not to possess any type of medication at school or on the school bus. Medications must be brought to school by a parent or guardian in the original container and given to the principal, assistant principal, school nurse, or administrative assistant. Parents must also complete appropriate medication distribution forms before medicine is given at school.**

### **Giving Medication at School**

Administration of medications will be permitted on school property only when medically necessary and under the direct supervision of appropriate staff members. We attempt to discourage the administration of medication during school hours and whenever possible, request doses of medication be scheduled other than school hours. The first dose of any newly prescribed medication should always be given at home. For the safety of the students, the following procedures must be followed:

1. If prescription medications are to be given at school, the Montgomery County Medication Permission form must be provided and signed by the doctor/licensed prescriber, and the parent/guardian. It must specify the

name of the medication, dosage, and time to be given. A separate medication permission form must be completed for each medication. Please note: Prescription bottles do not take the place of a medication form signed by a physician.

2. If non-prescription medications are to be given at school, the medication permission form must be completed and signed by the parent or guardian, indicating the name, dosage, and time to be given. Non-prescription medications can be administered for no longer than 3 consecutive days, after which time a written order from a physician/other licensed prescriber is required.
3. All medication is to be brought to school by the parent or guardian in the original, properly labeled container. The information on the container must match the information on the medication permission form. If the parent is unable to deliver the medication to the school, he or she must call the school to report that the medication is being delivered by the student. All medication must be accompanied by a medication permission form.
4. Self-administration of any medication, prescription or non-prescription, is prohibited for students in grades kindergarten through eight with one exception. Medications needed in a medical emergency such as inhalers, epi-pens, or glucose tablets may be kept in the possession of a student and self-administered only with a written statement from a physician/licensed prescriber.
5. Sharing, borrowing, or distributing any medication is prohibited and may result in a recommendation of expulsion.

Medication permission forms are available in the school office and most local doctors' offices. They can be downloaded from the MCPS website.

### **Lice**

Lice are a potential problem associated with any elementary school because of the very nature of children's close proximity to each other. The containment and elimination of lice are of paramount importance to us. For this reason, we will adhere to the following procedures when we have identified lice on any child at Auburn:

1. We will contact the parents of the children having lice and ask them to take those children home.
2. Parents are required to treat their children effectively before school officials will allow that child to re-enter school. Parents should ensure that all nits are removed from their children's hair by using a fine-toothed comb, which will remove all nits from each individual strand of hair. **Without removing these nits, lice will continue to re-infect that child.**

### **HOMEWORK**

Homework may be assigned at the discretion of the teacher in accordance with the needs of the class and the individual student, so long as it conforms to school board policy. It may be requested on a limited basis for students in grades K-2 and can be expected on a regular basis for students in grades 3-5. A homework standard for grades 3-5 is ten minutes of homework per grade level.

The students have the following responsibilities regarding homework:

1. To learn the skill needed to complete the assignment
2. To write down an assignment and ask questions if the directions are not clear
3. To take needed books and supplies home
4. To work neatly and accurately to the best of their ability
5. To complete assignments without constant reminders from the teacher or parent
6. To complete assignments on time
7. To turn in completed assignments to the teacher

The parents have the following responsibilities associated with homework:

1. To show an interest in the child's work
2. To check for student homework each night
3. To provide adequate time and an appropriate place for children to complete assignments
4. To give guidance and encouragement to the child
5. To reinforce and review a skill which may have been forgotten
6. To motivate the child to perform the task to the best of his or her ability, yet to make sure that the work is the child's own
7. To reinforce the child's efforts positively

### **INVOLVEMENT OF NON-CUSTODIAL PARENTS**

As specified by the Code of Virginia and the Family Education Rights Privacy Act (FERPA), non-custodial parents have the full rights as parents for access to student records and for participating in school activities, "unless otherwise ordered by the court for good cause shown." It is the responsibility of the custodial parent to provide documentation of any restrictions on a non-custodial parent. Duplicate copies of report cards and other written communications mailed to a student's home will be made available to non-custodial parents upon their request. If a person not known to school officials' attempts to contact or pick up a child at school, a photo ID and other verification of identity/relationship to a student (including confirmation with the custodial parent) may be required before releasing the student.

### **LUNCHESES**

Lunches are prepared and served by the cafeteria manager and staff. All lunches served meet the requirements for a Type A lunch, which is established by the State Lunch Program. Children are encouraged to pay weekly. You may pay online at mySchoolBucks. To set up an account, please visit <https://www.myschoolbucks.com>. Please note that this system is unavailable between the hours of 10:00 a.m. and 2:00 p.m. Monday through Friday due to the fact that the system is in use for the serving of school lunch. **NO child will be allowed to pack any glass bottles.**

### **MONEY (CHECKS)**

Please write checks for meals, pictures, or any other school-related expenses payable to Auburn Elementary School unless otherwise designated. Please note that after the receipt of two checks, which are returned by the bank, cash will be required for the remainder of the year from the party responsible for the returned checks. Whenever it is necessary to send money to school by young children, it should be placed in a sealed envelope with the child's name marked clearly on the outside. Also, indicate the amount, teacher's name, and the purpose for which it is sent.

### **PARENT-TEACHER-STUDENT ORGANIZATION**

The Auburn Elementary Parent-Teacher-Student Organization will hold regular meetings. The PTSO will send home advance notice to all parents about meeting dates and times. The organization provides an opportunity for parents and teachers to work together for an improved school program. There are NO membership dues associated with the PTSO. Any AES parent, guardian, student, or teacher is an automatic member.
